KAISER AN EXILE-- REBELS IN CONTROL

WILLIAM REPORTED TO HAVE ARRIVED IN HOLLAND WITH HINDENBURG AND GENERAL STAFF WHILE PEOPLE'S GOVERNMENT IS BEING PROCLAIMED IN GERMANY

Washington, Nov. 11.—William Hohenzollern arrived Sunday morning in Holland and is proceeding to Middachten Castle, in the town of DeSteeg, according to a dispatch received by the American army general staff from The Hague, based on press reports in the Netherlands capital.

The disptach said:

"Press reports state that the kaiser arrived at Maastricht, Holland, and is proceeding to Middachten Castle, in the town of DeSteeg, near Utrecht."

Hindenburg in the Party?

London, Nov. 11.—Both the former German emperor and his eldest son, Frederick William, crossed the Dutch frontier Sunday morning, according to advices from The Hague.

The former German emperor's party, which is believed to include Field Marshel Von Hindenburg, arrived at Eysden, on the Dutch frontier, at 7:30 o'clock Sunday.

All in Party Were Armed.

Practically the whole German general staff accompanied the former emperor, and ten automobiles carried the party. The automobiles were bristling with rifles and all the fugitives were armed.

The ex-kaiser was in uniform. He alighted at the Eysden Station and paced the platform, smoking a cigarette.

Chatting with the members of the staff, the former emperor, the correspondent says, did not look in the least distressed. A few moments later an imperial train, including restaurant and sleeping cars, ran into the station. Only servants were aboard.

Copenhagen, Nov. 11.—Berlin was occupied by forces of the soldier's and workmen's councils on Saturday, according to a Wolff Bureau report received here.

Friedrich Ebert, the Social Democratic leader, has been appointed imperial chancellor. He has issued a proclamation saying he plans to form a people's government which will endeavor to bring about speedy peace.

Severe Fighting in Berlin.

London, Nov. 11.—Severe fighting took place in Berlin between 6 and 8 o'clock last night and a violent cannonade was heard from the heart of the city.

The revolution is in full swing in Berlin and the red forces occupy the greater part of the German capital, according to a Copenhagen dispatch.

The crown prince's palace was siezed by the revolutionists. The people shouted "Long live the republic!" and sang the "Marseillaise."

Peaceful Revolt Everywhere.

From all parts of the German Empire news is being received regarding similar revolutions, which almost everywhere remain within the bounds of economic order.

In the new German government there will be only three representatives for the majority parties, namely, Erzberger, Gothein and Richthofen, it is reported. The other posts will be occupied by Socialists and Independents.

Paris, Nov. 11.—The whole German nation is in hands of the revolutionaries today. The red flag is flying over the ex-kaiser's palace at Berlin.

FALL CORN SHOW CALLED OFF

Annual Agricultural and Domestic Science Contest Is Postponed Until Next Fall.

The executive committee of the Nodaway County Agricultural and Domestic Science Association decided Saturday that the annual contest which was to have been held Oct. 24, 25 and 26 will be postponed until next fall. The action was taken because of the influenza epidemic which shows no immediate signs of abatement and which has already held off the meeting until it is so late that vegetables and fruits that compose a good percentage of the show have been rendered more or less unfit for exhibit. Furthermore it is now uncertain whether the Teachers' Association will meet before next spring or not which time would not justify holding the contest in connection with it.

The premium money collected by subscription will be placed on interest until next fall and used for premiums at that time. Those persons having donated this year will not be asked for subscriptions next spring.

Members of the exerutive committee who concurred in the matter are:

Joseph Jackson, Jr.
Paul Sisson.
Jas. B. Robinson.
G. A. Pickens.
G. L. Wilfley.
Miss Hettie Anthony, Director of Domestic Science.
Bert Cooper, Manager.

Geo. Baker, who acted for E. E. Williams, Secy. and Treas., who is in the army.

VICTORY

CONGRESS ASTONISHED AS IT HEARS DRASTIC TERMS IMPOSED BY ARMISTICE

By JOHN EDWIN NEVIN
I. N. S. Correspondent.

Washington, Nov. 11. — Germany's surrender is complete. President Wilson so announced to a joint session of the senate and congress today amid scenes of enthusiasm such as have never before been witnessed in the nation's capital. The recitation by the President of the ending of the war were revealed to be such as have never been imposed by a victorious nation and means complete ending of Germany's military career. President Wilson said: "The war thus comes to an end, for having accepted the terms of armistice laid down Germany cannot resume hostilities."

In clear terms the President enumerated the terms under which Germany submits and pointed out that only by humane means would trouble be prevented and warned the United States, and through it the nations of the world that revolution stalks throughout the conquered nations, and added the President, "with what government will final peace be made?" The great questions the revolution has raised cannot now be answered.

The President declared his faith in world democracy was unshaken and that he looked to the future with confidence that all would be settled satisfactorily.

The recital of the drastic terms imposed on Germany clearly astonished his hearers, and time and again he was interrupted with applause and cheers. Some were unable to realize what it all meant, the demands going far beyond what was ordinarily expected would be made, and it was received with an air almost of incredulity. There was no mistaking the joy of all present however, that Germany had been crushed to her knees and had been compelled to admit her wrongs.

Members of the house, senators, chief justices and supreme court judges and a crowded gallery heard the President's forceful recital of the armistice terms and frequently applauded and cheered.

TOWN CELEBRATES

Zip! Boom!!

And the flag that has never known defeat waved, hundreds of them, too.

And the bands played.

And the Home Guards, the Red Cross workers, the Boy Scouts in uniform and every one else in the city, took a long breath and let out in a giant roar of joy their exultations at the news of peace and the cessation of hostilities in the greatest war of history.

Every business concern in the city closed for the big parade which started at two o'clock. Headed by the band, the Student Army Training Corps came next, then the Home Guards, Boy Scouts and Red Cross, followed by the fire truck with the siren whistle blowing, automobiles with the horns honking, the employes of various business concerns carrying American and Allies flags and small boys with horns and noise making devises.

The parade halted at the court house square, where short talks were made by N. Sisson of the G. A. R. corps, S. G. Gillam and others of the United War workers committee and then a longer march was made around the principal streets. The stores remained closed until four o'clock so that every one could give full vent to their enthusiasm over the good news.

Practically all the small towns in the county are preparing for a big celebration tonight. Arkoe is going to have a free weiner roast for the community commencing at eight o'clock this evening. Various sorts of entertainment, mostly music and noise, have been planned.

PROGRAM GOING AHEAD.

HUNS SURRENDER FIGHTING ENDS

ARMISTICE WITH GERMANY SIGNED THIS MORNING AT 5 AND HOSTILITIES CEASED AT 11 COUNTRY WILD WITH CELEBRATION

TERMS IMPOSED ARE HARSH

THEY CALL FOR DEMOBILIZATION OF ARMY, SURRENDER OF ARMS AND MUNITIONS, PART OF FLEET, EVACUATION OF OCCUPIED TERRITORY AND GUARNTIES WHICH RESUMPTION OF HOSTILITES IMPOSSIBLE

Washington, Nov. 11.—The fighting has ended. Peace has succeeded war and a joyous nation today is celebrating the transition. The end came suddenly. The capital of the nation was peacefully slumbering when the news came. It was in the form of a very brief dispatch from Colonel House to the state department, that the armistice had been signed. It reached Washington at 2:45 o'clock and two minutes afterward the announcement that meant so much to humanity was on its way throughout the nation. The state department and chief of staff March announced they would make no announcement regarding actual terms of armistice until later in the day.

The terms are harsher than those which Austria was forced to accept. They called for demobilization of the army, surrender of arms, munitions, surrender of sections of fleets, evacuation of all occupied territory and other guarantees which make it impossible for any resumption of hostilities, but it was conceded terms really mean nothing to the German people.

The old order had passed away so far as they are concerned and the new German Republic in process of formation was certain to be made materially better through the changed conditions, which peace would bring.

Until complete details are forthcoming regarding the armistice terms and the methods to be followed enforcing them, the war machinery of the country is marking time. Officials say there will be no delay in the calling of the peace conference. It is likely now that the armistice terms signed there will be a speedy restoration of order within Germany. There will be an immediate release of all prisoners of war in Germany, the release to be without reciprocation.

THE TERMS ARE HARSH.

Washington, Nov. 11.—President Wilson will go before Congress some time after one o'clock this afternoon to read the terms of the armistice. Until this is done officialdom refuses to comment on same, but the terms are said to be very harsh, much more so than those Austria was compelled to sign.

President Wilson informally proclaimed a general holiday here and requested all war workers excused. A great parade was had here this afternoon with the executive review. The entire country has gone wild with celebration.

Washington, Nov. 11. — Armistice terms have been signed by Germany, the state department announced at 2:45 o'clock this morning. The department's announcement simply said: "The armistice has been signed."

The world war ended this morning at 6 o'clock Washington time, 11 o'clock Paris time. The armistice was signed by the German representatives at midnight. This announcement was made by the state department at 2:50 this morning.

London, Nov. 11.—General Foch issued an order to all commanders to cease hostilities at once, said a French wireless dispatch. London went wild today over the ending of the war.

ALL DRAFT CALLS SUSPENDED.

Washington, Nov. 11.—All calls under the draft law were ordered suspended today by the war department, following announcement that the armistice had become effective. Provost Marshal Crowder immediately took steps to prevent entrainment of all men that were scheduled to start for overseas today and to prevent all other mobilization.

London, Nov. 11.—The mighty fortress of Mons on the Franco-Belgian frontier was captured by the Canadians this morning before the cessation of hostilities, the British war office announced.

The Doughboys are always interested in what is going on in their immediate vicinity, and despite the difficult spelling and pronunciation of French proper nouns they can usually tell exactly at what point in the line they have been and what the next town ahead of them was named. They use their own pronunciation, enunciating every letter in the word, but as a general thing, they can write the name of the town and come pretty near to spelling it correctly.

THE OLD GERMANY IS GONE

End to Prussianism Came Swiftly — Great Events are Taking Place in the Fatherland.

The German people, for a generation the obedient and submissive servants of their war lord, for more than four years his pliant instruments in ravaging the world, have spoken a new word, and the old Germany is gone. From the confused, sometimes conflicting, and often delayed advices from Germany in the last two days, it has now become apparent that William, emperor and king, has been stripped of his power. He is now plain William Hohenzollern, fugitive in Holland. With his fall topples into ruin William's mad design to rule the world.

Little is known today of the situation in Germany, for that country is in the first days of its new adventure. It is not clear whether the old regime has been permanently dislodged or whether the new authorities with the unscrupulous adroitness which has long marked German politics, are merely sacrificing the chief figureheads of kaiserism in the hope of obtaining an easier peace. It appears probable that no one in Germany knows, and that it is still to be determined which of the contending elements will gain the upper hand.

Revolution is spreading rapidly and from the fact that socialist is now chancellor, it may be gathered that the object of the revolution is not merely the quick ending of the war, but the complete severance of the political ties which still bind the nation with its past.

End of German Idea of State.

The collapse of Germany brings the eclipse of the German idea of the state, as opposed to the doctrine of individual rights, to which the nation clung with hardly a dissenting voice until recently. Under this regime there was developed a nation of which militarism was the embodiment, which murdered and plundered, was heedless of the rights of the individual, and made terrorism a matter of studied policy. This terrorism was directed against not only individuals, but against nations, against not only hostile nations, but those with which Germany officially was at peace. Its system of espionage, corruption, and violence extended over the world. It was exemplified by the plots carried out in this country under direction of the government for the destruction of munition plants and ships before the United States entered the war, and by the effort of the German government to embroil this country, then neutral, in war with Japan and Mexico. No capital of Europe was free from German secret agents in the years preceding the war, and the nations lived in growing dread of the huge military machine which Germany was building up, to the accompaniment of the emperor's boastings of the "shining sword," and the German toasts to "der Tag," in voices which echoed around the world.

End Comes Swiftly.

The virtual ending of this greatest of conflicts has come with dramatic swiftness. Four months ago today the German military power apparently was at its height. The unchecked forces of the enemy had battered their way through the French and British lines until Paris was in danger and the British were fighting with their backs to the wall to prevent themselves from being forced to the sea. Late in July the world was thrilled with the news of an Allied counter attack between Aisne and the Marne. The Germans were hurled back and along the whole sector and since that day the victorious progress of the Allies has been maintained.

Various causes have contributed to this reversal. The entrance of America into the struggle, with her vast resources of men and materials, is conceded by the Allies to have turned the scale. One of the most important effects of this country's action was the heartening to an enormous extent of the wearied Allied nations, and a corresponding deterioration of German morale. Exhaustion of German raw material and years of semi-starvation assisted in the process of beating down the enemy to a submissive frame of mind. It is also significant that the establishment of unquestioned Allied supremacy in field almost synchronized with unification of military control and the appointment of General, now Marshal, Foch ,to the post of supreme command.

Stress on Foch's Genius.

Military Commentators without exception lay stress upon the importance of single leadership and the genius of Foch in stemming and finally turning the tide.

Among the individual leaders, aside, from Foch, whose names stand out most prominently, are Marshal Joffre, who saved France in her darkest days in summer of 1914; Field Marshal Haig, the British commander; General Petain, at the head of the French forces; General Diaz, who on the Italian front, beat back last summer's great Austrian offensive and later tore the Austrian armies to pieces in a few weeks, and General Pershing.

On the German side are Field Marshal von Hindenburg, a comparatively obscure officer who leaped into world-wide fame by his defeat of the Russians in 1914, and subsequently beiame the idol of Germany, and Gen. Ludendorff, who, although frequently credited with being the abler of the two, never touched popular imagination as did his colleage. When von Hindenburg was at the height of his fame a great wooden image of the German hero was set up, a monument to the power which now is broken. It stands today in Berlin, unless the new masters of Germany have torn it down.

Started in Summer of 1914.

It was late in June, 1914, that the world was stirred by the murder in Sarajevo, Bosnia, of Archduke Francis Ferdinand, the Austria heir apparent, and his wife. Austria, backed by Germany, accused Serbia of instigating the crime and made demands which Serbia accepted in part. Austria would not agree to arbitrate the demands not accepted by Serbia, and the foreign offices in London, Paris, and Petrograd failed to swerve Austria from her course.

Austria-Hungary began hostilities on July 27, 1914, by attacking Serbia, and within a week Germany had joined her, while France, Great Britain and Russia had thrown their forces against Germany and Austria. As the war went on the number of nations involved increased until the confliet became the greatest of the history of the world.

Declaring war on France, Germany on Aug. 1, 1914, threw her armies toward France by way of Belgium. Fighting for the maintenance of their neutrality, the Belgians checked the oncoming horde for a time, but within two months the Prussian armies were within a few miles of Paris, from which the French government had fled.

One of the vital moments of the war had arrived. In a battle of dramatic changes the enemy hordes were hurled back to north of the Marne.

Turkey soon entered the war on the side of Germany and Italy joined the Allies. Bulgaria came in with Germany and Serbia and Montenegro were overrun. On April 6, 1917, the United States, unable to force Germany by peaceful means to conduct her ruthless submarine warfare in keeping with international law, threw her forces into the struggle.

Russian Czar's Overthrow.

At that time the imperial government of Russia had been overthrown and a provisional democratic government instituted. In Italy the armies of King Victor Emanuel were driving back the Austrians in the Trentino and on the Isonzo. In France, the French and British were hammering at the German lines with little apparent results.

The autumn of 1917 witnessed the defeat of the Italian armies and their retreat to the Piave line. Almost simultaneously American troops appeared on the western front for the first time, while the French and British armies were holding positions of strategic importance from the North Sea to Switzerland. During the winter of 1917-18 American aid became more effective and Russia dropped out because of the Bolsheviki coup.

Germany, at the beginning of 1918, announced her purpose to end the war by an offensive in France. It was her last mighty effort, and for weeks the world wondered when the enemy hordes would be stopped. The turn in the fighting came on July 18, when Marshal Foch launched the Americans and French in an attack. Since that fateful day, for Germany, the Allied armies on all fronts have met with continued success.

Peace-Glorious Peace

It seems that peace is now assured. How happy we are. But we must not a forget that it is stated by those of our army officials who should know, that it will take year or more to get our boys "over there" home again, and without "the excitement and incitement" of actual warfare "to stimulate their spirits or its intense activities to absorb their attention and utilize their time" what long, long, dreary, lonesome and homesick days there will be, and we feel sure that these happiest moments of our lives will only inspire our people to greater liberality in supplying money for the entertainment and comfort of our boys.

Call it a "Peace Offering" and, in connection with our giving, lets all join in the sentiment of the official song of the United War Work Campaign.

"FOR THE BOYS OVER THERE"

CHORUS

Let us all get together for the boys out there
Who gave up their all for you,
If we give them our money and our loving care
That's the least that we can do.
Night and day they were fighting,
So that you and I might live,
So let's all get together for the boys over there
And give, Give, GIVE.

Hurrah for the Boys and Hurrah for our people at home who have supported them so freely. Keep THE home fires and THEIR home fires burning—their home fires are found in the huts and other places and forms of entertainment and comfort afforded by the seven organizations combined in the United War Work Campaign.

KAISER SIGNED WITH SHIVER

Heir Apparent Also Joined in enunciation of Throne of German Empire.

Special to The Democrat-Forum.

London, Nov. 11.—Emperor William signed a letter of abdication on Saturday morning at the German grand headquarters, in the presence of Crown Prince Frederick William and Field Marshal Hindenburg, according to a dispatch from Amsterdam to the Exchange Telegraph Company.

The German crown prince signed his renunciation to the throne shortly afterward.

The ex-kaiser and the former crown prince were expected to take leave of their troops on Saturday, but nothing has been settled regarding their future movements.

Before placing his signature to the document an urgent message from Philipp Scheidemann, who was a socialist member without portfolio in the imperial cabinet, was handed to the emperor. He read it with a shiver. Then he signed the paper, saying:

"It may be for the good of Germany."

The emperor was deeply moved. He consented to sign the document only when he got the news of the latest events in the empire.

Serious food difficulties are expected in Germany owing to the stoppage of trains. The council of the regency will take the most drastic steps to reestablish order.

CALL OFF THE S. S. CONVENTION.

The Uncertain Influenza Situation Prevents This Year's Meeting.

The Missouri State Sunday School convention, which was to have been in Kansas City, November 19-22, has been called off. Herman Bowmar, general secretary of the association, has made the following announcement:

The Missouri State Sunday School Convention cannot be held November 19-22, on account of the influenza epidemic. The uncertainty of the situation, together with other complications, make a postponed date unwise. Consequently, the convention will not be held until November 18-21, 1919.

How Long Must I Suffer From the Pangs of Rheumatism?

Is there no real relief in sight?

Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.

Science has proven that your Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons from your blood. This explains why liniments and lotions can do no permanent good, for they cannot possibly reach these germs which infest your blood by the millions.

S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. You can get valuable advice about the treatment of your individual case by writing to the Chief Medical Adviser, Swift Specific Co., Dept. D, Atlanta, Ga.

Druggists Still Asked To Conserve Stocks of VapoRub Needed in "Flu" Districts

Influenza Epidemic Is Decreasing in Most Sections and the Demand Is Slackening, But We are Still 18,000 Gross Behind on Orders and It Will Take Some Time to Catch Up.

THREE MILLION JARS SHIPPED DURING OCTOBER.

On Monday, October 21, we addressed an advertisement to the wholesale and retail drug trade, advising that we were badly oversold, due to the influenza epidemic, stating that all deals and quantity shipments were postponed, and requesting that VapoRub be purchased in small lots only. This condition still prevails.

At this writing we have back orders for eighteen thousand (18,000) gross and our orders each day are double our daily output. The epidemic, however, is decreasing in most sections, the demand is slackening, and we are working night and day to catch up. In the meantime, we ask the trade to be patient with us.

ENORMOUS SHIPMENTS HAVE WIPED OUT EXCESS STOCKS.

On October 1 we had on hand at the factory and in twenty warehouses over the country a tremendous stock of VapoRub, accumulated during the summer months. This is now gone—we actually shipped during the month of October over three million jars of VapoRub. We are speeding up our factory as much as possible and the problem now is to distribute the factory's output as quickly as possible. We have, therefore, for the time being, abandoned freight shipments and are shipping either by Parcel Post or express—trying to give each jobber at least a little stock.

IMMEDIATE SHIPMENTS TO DRUGGISTS IN INFLUENZA DISTRICTS.

Preference is being given to those sections stricken by influenza. In order to reach these sections as quickly as can be, we are, during this emergency, making shipments by Parcel Post, direct, to the retail trade, of not more that three (3) dozen 30c size in any one shipment. We prefer that the jobbers order these shipments for their trade, but to save time we will, if the need is urgent, ship direct on receipt of check. Naturally, no new accounts can be opened during this rush.

SAMPLES AND INFLUENZA BOOKLETS FREE ON REQUEST.

We have prepared a little folder giving all the information available so far on Spanish Influenza—its origin—the symptoms and the treatment, and these will be forwarded to druggists on request. We will also be glad to mail to any individual one of these booklets, together with a quarter ounce sample, free.

HOW TO USE VAPORUB IN TREATING SPANISH INFLUENZA.

In every case call a physician—VapoRub should be used only in connection with the physician's internal treatment.

Apply hot, wet cloths over the throat, chest and back between the shoulder blades to open the pores. Dry lightly and rub VapoRub well in until the skin is red—spread on thickly and cover with hot flannel cloths. Leave the bedcovering loose around the neck, as the body heat releases the ingredients in the form of vapors. These vapors, inhaled with each breath, stimulate the lining of the air passages to throw off the influenza germs. In case of head or chest cold, which often accompanies influenza, the vapors tend to keep the air passages open, loosen the phlegm and make the breathing easier. In addition, Vapo-Rub is absorbed through and stimulates the skin, attracting the blood to the surface, and thus aids in relieving the congestion within.

HOW TO USE VICK'S VAPORUB AS A PREVENTIVE.

It is questionable if there is anything which will prevent Spanish influenza, except avoiding those persons who are spreading the disease by coughing, sneezing and spitting, and by keeping up the bodily resistance by plenty of good food and exercise in the open air. The Public Health Service recommends that the nasal passages be coated with a weak solution of Menthol in liquid petroleum as a protective. For this purpose VapoRub is excellent. Just put a small portion up each nostril from time to time during the day and snuff well back into the head.

KEEP FREE FROM COLDS BY INHALING VAPORUB.

Colds irritate the lining of the air passages and thus render them a much better breeding place for the germs. At the first signs of a cold use VapoRub at once. Melt a little in a spoon and inhale the vapors arising, or VapoRub can be used in a regular benzoin steam kettle, such as most druggists carry in stock. If this is not available, a very good substitute to use is an ordinary tea-kettle. Fill half full of boiling water—put in half a teaspoon of VapoRub from time to time—keep the kettle slowly boiling and inhale the steam arising.

HOW TO FIGHT SPANISH INFLUENZA

By DR. L. W. BOWERS

Avoid crowds, coughs and cowards, but fear neither germs nor Germans! Keep the system in good order, take plenty of exercise in the fresh air and practice cleanliness. Remember a clean mouth, clean skin, and clean bowels are a protecting armour against disease. To keep the liver and bowels regular and to carry away the poisons within, it is best to take a vegetable pill every other day, made up of May-apple, aloes, jalap, and sugar-coated, to be had at most drug stores, known as Dr. Pierce's Pleasant Pellets. If there is a sudden onset of what appears like a hard cold, one should go to bed, wrap warm, take a hot mustard foot-bath and drink copiously of hot lemonade. If pain develops in head or back, ask the druggist for Anurie (anti-urie) tablets. These will flush the bladder and kidneys and carry off poisonous germs. To control the pains and aches take one Anurie tablet every two hours, with frequent drinks of lemonade. The pneumonia appears in a most treacherous way, when the influenza victim is apparently recovering and anxious to leave his bed. In recovering from a bad attack of influenza or pneumonia the system should be built up with a good herbal tonic, such as Dr. Pierce's Golden Medical Discovery, made without alcohol from the roots and barks of American forest trees, or his Ironic (iron tonic) tablets, which can be obtained at most drug stores, or send 10c to Dr. Pierce's Invalid's Hotel, Buffalo, N. Y., for trial package. Adv.

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, $1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

Public Notice

To any person that wants to make more money, come to Wyoming and buy you a farm where the crop in one year will pay for the land and where one acre put in potatoes will pay for five acres at the present price; where you and your family will be healthy and you are sure to prosper if you work and try like you have to in Missouri. Now I know what I am saying, as I lived here in good old Missouri for 18 years and always tried hard to get us a home, but when I left here three years ago I owed over $1,600.00 of debts here that I could not pay, but have paid them since I went to Wyoming. I am only telling you this to encourage you to come. We have good schools good churches, good water and climate, and as good people as you can find anywhere. I have land I can sell from $15.00 per acre up to $50.00 per acre. Close to two good railroads. Have got a 2,400 acre ranch at $25.00 per acre that is sure a bargain.

Now the first reason I want you to come to Wyoming is, because if you come and buy a farm I get a small commission out of it, but that is not the best reason. I know I will be doing you a favor and know you will always be glad you come. Now, in case some stranger to me should read this ad. I will give you as reference some of the best men in Nodaway County or any other county. In Parnell, James Barber, W. N. Morgan, C. C. Evans, A. J. Roof, Bill Jackson; Ravenwood, Mo., S. E. Wells, and V. O. Hunt; Barnard, Mo., George Cole, banker; Gaynor City, Mo., Charlie Lewis; Sheridan, Mo., C. C. Hall; Hopkins, Mo., Albert Mutti; Maryville, Mo., Nathaniel Sisson, U. S. Wright, Henry Wright, James Robinson. For any information about this county, if you can't see me when I am here, write me at Carpenter, Wyo. I took three men out with me two weeks ago and sold all three a farm. Would be glad to have you talk to any of these men: Cecil Talkington of Parnell or Elmer Talkington and Pete Mumford of Bedford, Iowa. We raise corn, wheat, oats, barley, rye, speltz, flax, millet, cane and potatoes, alfalfa and good gardens. Poultry of all kinds do well. Stock of all kinds do well, especially hogs, as hog cholera is unknown.

The only way you can realize what a good county we have is to come and see it. For further information, write—

KAISER AN EXILE-- REBELS IN CONTROL

WILLIAM REPORTED TO HAVE ARRIVED IN HOLLAND WITH HINDENBURG AND GENERAL STAFF WHILE PEOPLE'S GOVERNMENT IS BEING PROCLAIMED IN GERMANY

Washington, Nov. 11.—William Hohenzollern arrived Sunday morning in Holland and is proceeding to Middachten Castle, in the town of DeSteeg, according to a dispatch received by the American army general staff from The Hague, based on press reports in the Netherlands capital.

The disptach said:

"Press reports state that the kaiser arrived at Maastricht, Holland, and is proceeding to Middachten Castle, in the town of DeSteeg, near Utrecht."

Hindenburg in the Party?

London, Nov. 11.—Both the former German emperor and his eldest son, Frederick William, crossed the Dutch frontier Sunday morning, according to advices from The Hague.

The former German emperor's party, which is believed to include Field Marshel Von Hindenburg, arrived at Eysden, on the Dutch frontier, at 7:30 o'clock Sunday.

All in Party Were Armed.

Practically the whole German general staff accompanied the former emperor, and ten automobiles carried the party. The automobiles were bristling with rifles and all the fugitives were armed.

The ex-kaiser was in uniform. He alighted at the Eysden Station and paced the platform, smoking a cigarette.

Chatting with the members of the staff, the former emperor, the correspondent says, did not look in the least distressed. A few moments later an imperial train, including restaurant and sleeping cars, ran into the station. Only servants were aboard.

Copenhagen, Nov. 11.—Berlin was occupied by forces of the soldier's and workmen's councils on Saturday, according to a Wolff Bureau report received here.

Friedrich Ebert, the Social Democratic leader, has been appointed imperial chancellor. He has issued a proclamation saying he plans to form a people's government which will endeavor to bring about speedy peace.

Severe Fighting in Berlin.

London, Nov. 11.—Severe fighting took place in Berlin between 6 and 8 o'clock last night and a violent cannonade was heard from the heart of the city.

The revolution is in full swing in Berlin and the red forces occupy the greater part of the German capital, according to a Copenhagen dispatch.

The crown prince's palace was siezed by the revolutionists. The people shouted "Long live the republic!" and sang the "Marseillaise."

Peaceful Revolt Everywhere.

From all parts of the German Empire news is being received regarding similar revolutions, which almost everywhere remain within the bounds of economic order.

In the new German government there will be only three representatives for the majority parties, namely, Erzberger, Gothein and Richthofen, it is reported. The other posts will be occupied by Socialists and Independents.

Paris, Nov. 11.—The whole German nation is in hands of the revolutionaries today. The red flag is flying over the ex-kaiser's palace at Berlin.

FALL CORN SHOW CALLED OFF

Annual Agricultural and Domestic Science Contest Is Postponed Until Next Fall.

The executive committee of the Nodaway County Agricultural and Domestic Science Association decided Saturday that the annual contest which was to have been held Oct. 24, 25 and 26 will be postponed until next fall. The action was taken because of the influenza epidemic which shows no immediate signs of abatement and which has already held off the meeting until it is so late that vegetables and fruits that compose a good percentage of the show have been rendered more or less unfit for exhibit. Furthermore it is now uncertain whether the Teachers' Association will meet before next spring or not which time would not justify holding the contest in connection with it.

The premium money collected by subscription will be placed on interest until next fall and used for premiums at that time. Those persons having donated this year will not be asked for subscriptions next spring.

Members of the executive committee who concurred in the matter are:

Joseph Jackson, Jr.
Paul Sisson.
Jas. B. Robinson.
G. A. Pickens.
G. L. Wilfley.
Miss Hettie Anthony, Director of Domestic Science.
Bert Cooper, Manager.
Geo. Baker, who acted for E. E. Williams, Secy. and Treas., who is in the army.

VICTORY

CONGRESS ASTONISHED AS IT HEARS DRASTIC TERMS IMPOSED BY ARMISTICE

By JOHN EDWIN NEVIN
I. N. S. Correspondent.

Washington, Nov. 11. — Germany's surrender is complete. President Wilson so announced to a joint session of the senate and congress today amid scenes of enthusiasm such as have never before been witnessed in the nation's capital. The recitation by the President of the ending of the war were revealed to be such as have never been imposed by a victorious nation and means complete ending of Germany's military career. President Wilson said: "The war thus comes to an end, for having accepted the terms of armistice laid down Germany cannot resume hostilities."

In clear terms the President enumerated the terms under which Germany submits and pointed out that only by humane means would trouble be prevented and warned the United States, and through it the nations of the world that revolution stalks throughout the conquered nations, and added the President, "with what government will final peace be made?" The great questions the revolution has raised cannot now be answered.

The President declared his faith in world democracy was unshaken and that he looked to the future with confidence that all would be settled satisfactorily.

The recital of the drastic terms imposed on Germany clearly astonished his hearers, and time and again he was interrupted with applause and cheers. Some were unable to realize what it all meant, the demands going far beyond what was ordinarily expected would be made, and it was received with an air almost of incredulity. There was no mistaking the joy of all present however, that Germany had been crushed to her knees and had been compelled to admit her wrongs.

Members of the house, senators, chief justices and supreme court judges and a crowded gallery heard the President's forceful recital of the armistice terms and frequently applauded and cheered.

TOWN CELEBRATES

Zip! Boom!!

And the flag that has never known defeat waved, hundreds of them, too.

And the bands played.

And the Home Guards, the Red Cross workers, the Boy Scouts in uniform and every one else in the city, took a long breath and let out in a giant roar of joy their exultations at the news of peace and the cessation of hostilities in the greatest war of history.

Every business concern in the city closed for the big parade which started at two o'clock. Headed by the band, the Student Army Training Corps came next, then the Home Guards, Boy Scouts and Red Cross, followed by the fire truck with the siren whistle blowing, automobiles with the horns honking, the employes of various business concerns carrying American and Allies flags and small boys with horns and noise making devises.

The parade halted at the court house square, where short talks were made by N. Sisson of the G. A. R. corps, S. G. Gillam and others of the United War workers committee and then a longer march was made around the principal streets. The stores remained closed until four o'clock so that every one could give full vent to their enthusiasm over the good news.

Practically all the small towns in the county are preparing for a big celebration tonight. Arkoe is going to have a free weiner roast for the community commencing at eight o'clock this evening. Various sorts of entertainment, mostly music and noise, have been planned.

HUNS SURRENDER FIGHTING ENDS

ARMISTICE WITH GERMANY SIGNED THIS MORNING AT 5 AND HOSTILITIES CEASED AT 11 COUNTRY WILD WITH CELEBRATION

TERMS IMPOSED ARE HARSH

THEY CALL FOR DEMOBILIZATION OF ARMY, SURRENDER OF ARMS AND MUNITIONS, PART OF FLEET, EVACUATION OF OCCUPIED TERRITORY AND GUARNTIES WHICH RESUMPTION OF HOSTILITES IMPOSSIBLE

Washington, Nov. 11.—The fighting has ended. Peace has succeeded war and a joyous nation today is celebrating the transition. The end came suddenly. The capital of the nation was peacefully slumbering when the news came. It was in the form of a very brief dispatch from Colonel House to the state department, that the armistice had been signed. It reached Washington at 2:45 o'clock and two minutes afterward the announcement that meant so much to humanity was on its way throughout the nation. The state department and chief of staff March announced they would make no announcement regarding actual terms of armistice until later in the day.

The terms are harsher than those which Austria was forced to accept. They called for demobilization of the army, surrender of arms, munitions, surrender of sections of fleets, evacuation of all occupied territory and other guarantees which make it impossible for any resumption of hostilities, but it was conceded terms really mean nothing to the German people.

The old order had passed away so far as they are concerned and the new German Republic in process of formation was certain to be made materially better through the changed conditions, which peace would bring.

Until complete details are forthcoming regarding the armistice terms and the methods to be followed enforcing them, the war machinery of the country is marking time. Officials say there will be no delay in the calling of the peace conference. It is likely now that the armistice terms signed there will be a speedy restoration of order within Germany. There will be an immediate release of all prisoners of war in Germany, the release to be without reciprocation.

THE TERMS ARE HARSH.

Washington, Nov. 11.—President Wilson will go before Congress some time after one o'clock this afternoon to read the terms of the armistice. Until this is done officialdom refuses to comment on same, but the terms are said to be very harsh, much more so than those Austria was compelled to sign.

President Wilson informally proclaimed a general holiday here and requested all war workers excused. A great parade was had here this afternoon with the executive review. The entire country has gone wild with celebration.

Washington, Nov. 11. — Armistice terms have been signed by Germany, the state department announced at 2:45 o'clock this morning. The department's announcement simply said: "The armistice has been signed."

The world war ended this morning at 6 o'clock Washington time, 11 o'clock Paris time. The armistice was signed by the German representatives at midnight. This announcement was made by the state department at 2:50 this morning.

London, Nov. 11.—General Foch issued an order to all commanders to cease hostilities at once, said a French wireless dispatch. London went wild today over the ending of the war.

ALL DRAFT CALLS SUSPENDED.

Washington, Nov. 11.—All calls under the draft law were ordered suspended today by the war department, following announcement that the armistice had become effective. Provost Marshal Crowder immediately took steps to prevent entrainment of all men that were scheduled to start for overseas today and to prevent all other mobilization.

London, Nov. 11.—The mighty fortress of Mons on the Franco-Belgian frontier was captured by the Canadians this morning before the cessation of hostilities, the British war office announced.

With American Army North of Verdun, Nov. 11.—The great war has just passed into history. The Doughboys are always interested in what is going on in their immediate vicinity, and despite the difficult spelling and pronunciation of French proper nouns they can usually tell exactly at what point in the line they have been and what the next town ahead of them was named. They use their own pronunciation, enunciating every letter in the word, but as a general thing, they can write the name of the town and come pretty near to spelling it correctly.

THE OLD GERMANY IS GONE

End to Prussianism Came Swiftly — Great Events are Taking Place in the Fatherland.

The German people, for a generation the obedient and submissive servants of their war lord, for more than four years his pliant instruments in ravaging the world, have spoken a new word, and the old Germany is gone. From the confused, sometimes conflicting, and often delayed advices from Germany in the last two days, it has now become apparent that William, emperor and king, has been stripped of his power. He is now plain William Hohenzollern, fugitive in Holland. With his fall topples into ruin William's mad design to rule the world.

Little is known today of the situation in Germany, for that country is in the first days of its new adventure. It is not clear whether the old regime has been permanently dislodged or whether the new authorities with the unscrupulous adroitness which has long marked German politics, are merely sacrificing the chief figureheads of kaiserism in the hope of obtaining an easier peace. It appears probable that no one in Germany knows, and that it is still to be determined which of the contending elements will gain the upper hand.

Revolution is spreading rapidly and from the fact that socialist is now chancellor, it may be gathered that the object of the revolution is not merely the quick ending of the war, but the complete severance of the political ties which still bind the nation with its past.

End of German Idea of State.

The collapse of Germany brings the eclipse of the German idea of the state, as opposed to the doctrine of individual rights, to which the nation clung with hardly a dissenting voice until recently. Under this regime there was developed a nation of which militarism was the embodiment, which murdered and plundered, was heedless of the rights of the individual, and made terrorism a matter of studied policy. This terrorism was directed against not only individuals, but against nations, against not only hostile nations, but those with which Germany officially was at peace. Its system of espionage, corruption, and violence extended over the world. It was exemplified by the plots carried out in this country under direction of the government for the destruction of munition plants and ships before the United States entered the war, and by the effort of the German government to embroil this country, then neutral, in war with Japan and Mexico. No capital of Europe was free from German secret agents in the years preceding the war, and the nations lived in growing dread of the huge military machine which Germany was building up, to the accompaniment of the emperor's boastings of the "shining sword," and the German toasts to "der Tag," in voices which echoed around the world.

End Comes Swiftly.

The virtual ending of this greatest of conflicts has come with dramatic swiftness. Four months ago today the German military power apparently was at its height. The unchecked forces of the enemy had battered their way through the French and British lines until Paris was in danger and the British were fighting with their backs to the wall to prevent themselves from being forced to the sea. Late in July the world was thrilled with the news of an Allied counter attack between Aisne and the Marne. The Germans were hurled back and along the whole sector and since that day the victorious progress of the Allies has been maintained.

Various causes have contributed to this reversal. The entrance of America into the struggle, with her vast resources of men and materials, is conceded by the Allies to have turned the scale. One of the most important effects of this country's action was the heartening to an enormous extent of the wearied Allied nations, and a corresponding deterioration of German morale. Exhaustion of German raw material and years of semi-starvation assisted in the process of beating down the enemy to a submissive frame of mind. It is also significant that the establishment of unquestioned Allied supremacy in field almost synchronized with unification of military control and the appointment of General, now Marshal, Foch ,to the post of supreme command.

Stress on Foch's Genius.

Military Commentators without exception lay stress upon the importance of single leadership and the genius of Foch in stemming and finally turning the tide.

Among the individual leaders, aside, from Foch, whose names stand out most prominently, are Marshal Joffre, who saved France in her darkest days in summer of 1914; Field Marshal Haig, the British commander; General Petain, at the head of the French forces; General Diaz, who on the Italian front, beat back last summer's great Austrian offensive and later tore the Austrian armies to pieces in a few weeks, and General Pershing.

On the German side are Field Marshal von Hindenburg, a comparatively obscure officer who leaped into world-wide fame by his defeat of the Russians in 1914, and subsequently beiame the idol of Germany, and Gen. Ludendorff, who, although frequently credited with being the abler of the two, never touched popular imagination as did his colleage. When von Hindenburg was at the height of his fame a great wooden image of the German hero was set up, a monument to the power which now is broken. It stands today in Berlin, unless the new masters of Germany have torn it down.

Started in Summer of 1914.

It was late in June, 1914, that the world was stirred by the murder in Sarajevo, Bosnia, of Archduke Francis Ferdinand, the Austria heir apparent, and his wife. Austria, backed by Germany, accused Serbia of instigating the crime and made demands which Serbia accepted in part. Austria would not agree to arbitrate the demands not accepted by Serbia, and the foreign offices in London, Paris, and Petrograd failed to swerve Austria from her course.

Austria-Hungary began hostilities on July 27, 1914, by attacking Serbia, and within a week Germany had joined her, while France, Great Britain and Russia had thrown their forces against Germany and Austria. As the war went on the number of nations involved increased until the conflict became the greatest of the history of the world.

Declaring war on France, Germany on Aug. 1, 1914, threw her armies toward France by way of Belgium. Fighting for the maintenance of their neutrality, the Belgians checked the oncoming horde for a time, but within two months the Prussian armies were within a few miles of Paris, from which the French government had fled.

One of the vital moments of the war had arrived. In a battle of dramatic changes the enemy hordes were hurled back to north of the Marne.

Turkey soon entered the war on the side of Germany and Italy joined the Allies. Bulgaria came in with Germany and Serbia and Montenegro were overrun. On April 6, 1917, the United States, unable to force Germany by peaceful means to conduct her ruthless submarine warfare in keeping with international law, threw her forces into the struggle.

Russian Czar's Overthrow.

At that time the imperial government of Russia had been overthrown and a provisional democratic government instituted. In Italy the armies of King Victor Emanuel were driving back the Austrians in the Trentino and on the Isonzo. In France, the French and British were hammering at the German lines with little apparent results.

The autumn of 1917 witnessed the defeat of the Italian armies and their retreat to the Piave line. Almost simultaneously American troops appeared on the western front for the first time, while the French and British armies were holding positions of strategic importance from the North Sea to Switzerland. During the winter of 1917-18 American aid became more effective and Russia dropped out because of the Bolsheviki coup.

Germany, at the beginning of 1918, announced her purpose to end the war by an offensive in France. It was her last mighty effort, and for weeks the world wondered when the enemy hordes would be stopped. The turn in the fighting came on July 18, when Marshal Foch launched the Americans and French in an attack. Since that fateful day, for Germany, the Allied armies on all fronts have met with continued success.

Peace-Glorious Peace

It seems that peace is now assured. How happy we are. But we must not a forget that it is stated by those of our army officials who should know, that it will take year or more to get our boys "over there" home again, and without "the excitement and incitement" of actual warfare "to stimulate their spirits or its intense activities to absorb their attention and utilize their time" what long, long, dreary, lonesome and homesick days there will be, and we feel sure that these happiest moments of our lives will only inspire our people to greater liberality in supplying money for the entertainment and comfort of our boys.

Call it a "Peace Offering" and, in connection with our giving, lets all join in the sentiment of the official song of the United War Work Campaign.

"FOR THE BOYS OVER THERE"

CHORUS

Let us all get together for the boys out there
Who gave up their all for you,
If we give them our money and our loving care
That's the least that we can do.
Night and day they were fighting,
So that you and I might live,
So let's all get together for the boys over there
And give, Give, GIVE.

Hurrah for the Boys and Hurrah for our people at home who have supported them so freely. Keep THE home fires and THEIR home fires burning—their home fires are found in the huts and other places and forms of entertainment and comfort afforded by the seven organizations combined in the United War Work Campaign.

KAISER SIGNED WITH SHIVER

Heir Apparent Also Joined in enunciation of Throne of German Empire.

Special to The Democrat-Forum.

London, Nov. 11.—Emperor William signed a letter of abdication on Saturday morning at the German grand headquarters, in the presence of Crown Prince Frederick William and Field Marshal Hindenburg, according to a dispatch from Amsterdam to the Exchange Telegraph Company.

The German crown prince signed his renunciation to the throne shortly afterward.

The ex-kaiser and the former crown prince were expected to take leave of their troops on Saturday, but nothing has been settled regarding their future movements.

Before placing his signature to the document an urgent message from Philipp Scheidemann, who was a socialist member without portfolio in the imperial cabinet, was handed to the emperor. He read it with a shiver. Then he signed the paper, saying:

"It may be for the good of Germany."

The emperor was deeply moved. He consented to sign the document only when he got the news of the latest events in the empire.

Serious food difficulties are expected in Germany owing to the stoppage of trains. The council of the regency will take the most drastic steps to re-establish order.

CALL OFF THE S. S. CONVENTION.

The Uncertain Influenza Situation Prevents This Year's Meeting.

The Missouri State Sunday School convention, which was to have been in Kansas City, November 19-22, has been called off. Herman Bowmar, general secretary of the association, has made the following announcement:

The Missouri State Sunday School Convention cannot be held November 19-22, on account of the influenza epidemic. The uncertainty of the situation, together with other complications, make a postponed date unwise. Consequently, the convention will not be held until November 18-21, 1919.

Savannah has a strong eleven and have been in daily practice for the event. M. H. S. is ready for a hard scrimmage and good game is in prospect.

How Long Must I Suffer From the Pangs of Rheumatism?

Is there no real relief in sight?

Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.

Science has proven that your Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons from your blood. This explains why liniments and lotions can do no permanent good, for they cannot possibly reach these germs which infest your blood by the millions.

S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. You can get valuable advice about the treatment of your individual case by writing to the Chief Medical Adviser, Swift Specific Co., Dept. D, Atlanta, Ga.

HOW TO FIGHT

SPANISH INFLUENZA

By DR. L. W. BOWERS

Avoid crowds, coughs and cowards, but fear neither germs nor Germans! Keep the system in good order, take plenty of exercise in the fresh air and practice cleanliness. Remember a clean mouth, clean skin, and clean bowels are a protecting armour against disease. To keep the liver and bowels regular and to carry away the poisons within, it is best to take a vegetable pill every other day, made up of May-apple, aloes, jalap, and sugar-coated, to be had at most drug stores, known as Dr. Pierce's Pleasant Pellets. If there is a sudden onset of what appears like a hard cold, one should go to bed, wrap warm, take a hot mustard foot-bath and drink copiously of hot lemonade. If pain develops in head or back, ask the druggist for Anuric (anti-uric) tablets. These will flush the bladder and kidneys and carry off poisonous germs. To control the pains and aches take one Anuric tablet every two hours, with frequent drinks of lemonade. The pneumonia appears in a most treacherous way, when the influenza victim is apparently recovering and anxious to leave his bed. In recovering from a bad attack of influenza or pneumonia the system should be built up with a good herbal tonic, such as Dr. Pierce's Golden Medical Discovery, made without alcohol from the roots and barks of American forest trees, or his Ironic (iron tonic) tablets, which can be obtained at most drug stores, or send 10c to Dr. Pierce's Invalid's Hotel, Buffalo, N. Y., for trial package. Adv.

Druggists Still Asked To Conserve Stocks of VapoRub Needed in "Flu" Districts

Influenza Epidemic Is Decreasing in Most Sections and the Demand Is Slackening, But We are Still 18,000 Gross Behind on Orders and It Will Take Some Time to Catch Up.

THREE MILLION JARS SHIPPED DURING OCTOBER.

On Monday, October 21, we addressed an advertisement to the wholesale and retail drug trade, advising that we were badly oversold, due to the influenza epidemic, stating that all deals and quantity shipments were postponed, and requesting that VapoRub be purchased in small lots only. This condition still prevails.

At this writing we have back orders for eighteen thousand (18,000) gross and our orders each day are double our daily output. The epidemic, however, is decreasing in most sections, the demand is slackening, and we are working night and day to catch up. In the meantime, we ask the trade to be patient with us.

ENORMOUS SHIPMENTS HAVE WIPED OUT EXCESS STOCKS.

On October 1 we had on hand at the factory and in twenty warehouses over the country a tremendous stock of VapoRub, accumulated during the summer months. This is now gone—we actually shipped during the month of October over three million jars of VapoRub. We are speeding up our factory as much as possible and the problem now is to distribute the factory's output as quickly as possible. We have, therefore, for the time being, abandoned freight shipments and are shipping either by Parcel Post or express—trying to give each jobber at least a little stock.

IMMEDIATE SHIPMENTS TO DRUGGISTS IN INFLUENZA DISTRICTS.

Preference is being given to those sections stricken by influenza. In order to reach these sections as quickly as can be, we are, during this emergency, making shipments by Parcel Post, direct, to the retail trade, of not more that three (3) dozen 30c size in any one shipment. We prefer that the jobbers order these shipments for their trade, but to save time we will, if the need is urgent, ship direct on receipt of check. Naturally, no new accounts can be opened during this rush.

SAMPLES AND INFLUENZA BOOKLETS FREE ON REQUEST.

We have prepared a little folder giving all the information available so far on Spanish Influenza—its origin—the symptoms and the treatment, and these will be forwarded to druggists on request. We will also be glad to mail to any individual one of these booklets, together with a quarter ounce sample, free.

HOW TO USE VAPORUB IN TREATING SPANISH INFLUENZA.

In every case call a physician—VapoRub should be used only in connection with the physician's internal treatment.

Apply hot, wet cloths over the throat, chest and back between the shoulder blades to open the pores. Dry lightly and rub VapoRub well in until the skin is red—spread on thickly and cover with hot flannel cloths. Leave the bed covering loose around the neck, as the body heat releases the ingredients in the form of vapors. These vapors, inhaled with each breath, stimulate the lining of the air passages to throw off the influenza germs. In case of head or chest cold, which often accompanies influenza, the vapors tend to keep the air passages open, loosen the phlegm and make the breathing easier. In addition, VapoRub is absorbed through and stimulates the skin, attracting the blood to the surface, and thus aids in relieving the congestion within.

HOW TO USE VICK'S VAPORUB AS A PREVENTIVE.

It is questionable if there is anything which will prevent Spanish influenza, except avoiding those persons who are spreading the disease by coughing, sneezing and spitting, and by keeping up the bodily resistance by plenty of good food and exercise in the open air. The Public Health Service recommends that the nasal passages be coated with a weak solution of Menthol in liquid petroleum as a protective. For this purpose VapoRub is excellent. Just put a small portion up each nostril from time to time during the day and snuff well back into the head.

KEEP FREE FROM COLDS BY INHALING VAPORUB.

Colds irritate the lining of the air passages and thus render them a much better breeding place for the germs. At the first signs of a cold use VapoRub at once. Melt a little in a spoon and inhale the vapors arising, or VapoRub can be used in a regular benzoin steam kettle, such as most druggists carry in stock. If this is not available, a very good substitute to use is an ordinary tea-kettle. Fill half full of boiling water—put in half a teaspoon of VapoRub from time to time—keep the kettle slowly boiling and inhale the steam arising.

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, $1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

Public Notice

To any person that wants to make more money, come to Wyoming and buy you a farm where the crop in one year will pay for the land and where one acre put in potatoes will pay for five acres at the present price; where you and your family will be healthy and you are sure to prosper if you work and try like you have to in Missouri. Now I know what I am saying, as I lived here in good old Missouri for 18 years and always tried hard to get us a home, but when I left here three years ago I owed over $1,600.00 of debts here that I could not pay, but have paid them since I went to Wyoming. I am only telling you this to encourage you to come. We have good schools good churches, good water and climate, and as good people as you can find anywhere. I have land I can sell from $15.00 per acre up to $50.00 per acre. Close to two good railroads. Have got a 2,400 acre ranch at $25.00 per acre that is sure a bargain.

Now the first reason I want you to come to Wyoming is, because if you come and buy a farm I get a small commission out of it, but that is not the best reason. I know I will be doing you a favor and know you will always be glad you come. Now, in case some stranger to me should read this ad. I will give you as reference some of the best men in Nodaway County or any other county. In Parnell, James Barber, W. N. Morgan, C. C. Evans, A. J. Roof, Bill Jackson; Ravenwood, Mo., S. E. Wells, and V. O. Hunt; Barnard, Mo., George Cole, banker; Gaynor City, Mo., Charlie Lewis; Sheridan, Mo., C. C. Hall; Hopkins, Mo., Albert Mutti; Maryville, Mo., Nathaniel Sisson, U. S. Wright, Henry Wright, James Robinson. For any information about this county, if you can't see me when I am here, write me at Carpenter, Wyo. I took three men out with me two weeks ago and sold all three a farm. Would be glad to have you talk to any of these men: Cecil Talkington of Parnell or Elmer Talkington and Pete Mumford of Bedford, Iowa. We raise corn, wheat, oats, barley, rye, speltz, flax, millet, cane and potatoes, alfalfa and good gardens. Poultry of all kinds do well. Stock of all kinds do well, especially hogs, as hog cholera is unknown.

The only way you can realize what a good county we have is to come and see it. For further information, write—

Frank Bebb, Carpenter, Wyoming
